The building is a harmonious geometrical complex, shaped as an octagon and surrounded by a still unsolved mystery. Your journey will continue towards Alberobello: a world-known UNESCO World Heritage Site made famous by the "Trulli". These dry stone cone-shaped houses were built in the 14th century from local limestone and this village is really unique, with a fairy-tale-like atmosphere. The town of Alberobello gets its name from the ancient oak forest of "Arboris Belli" (beautiful trees) that once covered the area. It is possible to see these typical buildings all over the Itria Valley. Overnight stay in a scattered hotel, sleeping in a real "Trullo". Dinner included.
