### Overview

Ruka is Finland's playground! The destination offers adventure, ski and nature. It is in our opinion one of the best places to visit in the North of Finland. Skiing is a very popular sport here, and the area boasts 39 slopes and 240km of snow tracks. There is a selection of excursions, including snowmobiles, huskies and Aurora tours. You will be spoilt for choice in this winter paradise! Our selected resort is located close to the airport and to the slopes, and a variety of excursions are possible from the property. During the winter, a ski bus operates once an hour from the property. To top it off, you will be away from the crowds in the openness of nature. Come out to play, and welcome to Ruka.
