Visit: Manyara - Ngorongoro - Serengeti - Tarangire

Detailed Itinerary

Day 01: Lake Manyara National Park

After breakfast drive to Lake Manyara with lunch boxes from hotel for game drive in Lake Manyara. Manyara Region takes its name from Lake Manyara, which is one of the major lakes formed in ancient times by the Great Rift Valley. It is the only Region in Tanzania to be bisected into two by the Great Rift

Valley. It is a major wildlife water source and is, therefore, an essential part of the wildlife ecosystems of Serengeti National Park, Ngorongoro Conservation Area and Tarangire National Park. In addition, Lake Manyara is the country's largest breeding ground for tens of thousands of flamingos. Kudu Lodge and Campsite offers outstanding hospitality, comfortable accommodation and pleasant surroundings, is situated at Karatu, the heart of the northern Tanzania safari circuit. Kudu Lodge nestles in eleven acres of rolling countryside, amidst mature trees and gardens, home to myriad birds and a tranquil and shady oasis hideaway for visitors—the perfect base for wildlife safaris. Our lodge is the epitome of spaciousness, friendliness and African hospitality. Dinner and Overnight Kudu Lodge.

Day 02: Manyara- Ngorongoro

After breakfast drive up to Ngorongoro highlands, spend few minutes for registration at the gate before driving up to the Crater viewpoint where you can make a brief stop to get the most breathtaking views of the Crater floor from above, you may take some pictures before descending 600 meters high walls into the Crater floor for a full day game drive. Ngorongoro Crater is often referred by many as the Eden of Africa, because of its great scenery and abundance of wildlife. Large mammals and plain animals are making home in this natural wildlife sanctuary. Lunch box will be taken at the Crater floor. You can expect to spot herds of wildebeest, eland, zebra, hippos, African elephant, gazelles and the rare black rhino in their natural habitat. Another big draw card in this huge caldera is the denser population of predators which include lion, hyena, cheetah, jackals and the ever-elusive leopard that needs sharp eye to be spotted. All these animals are bounded by the volcanic walls of 600 meters and can be viewed in a very close range. You will visit Lake Magadi, a large but shallow alkaline lake in the southwestern corner which is among the main features of the crater. Large flocks of flamingos, many aquatic birds & hippos can usually be seen here. In the evening before sunset drive to Rhino Lodge Ngorongoro. Overnight at Rhino Lodge Ngorongoro.

Day 03: Serengeti National Park

After breakfast drive to Serengeti National Park with lunch boxes for full day game drive. The Serengeti National Park in Tanzania was established in 1952. It is home to the greatest wildlife spectacle on earth—the great migration of wildebeest and zebra. The resident population of lion, cheetah, elephant, giraffe, and birds is also impressive. There's a wide variety of accommodation available, from luxury lodges to mobile camps. The parks cover 5,700 sq miles, (14,763 sq. km), it's larger than Connecticut, with at most a couple hundred vehicles driving around. The camp is located in a stunning location that runs alongside the Nyabogati River which allows our guests to be fully immersed in nature with a variety of Serengeti birds and wildlife all around. The area is splashed with acacia trees and provides the perfect opportunity to see the sunset behind the distant hills. Embalakai Camp has 13 spacious tents which can be set up for single, double, triple or family occupancy. We can host groups of up to 30 persons and have netted bedding available for babies (on request). Our rooms are set up to provide the ultimate comfort for our clients. Dinner and overnight Embalakai Tented Camp.

Day 04: Serengeti National Park

Morning and afternoon game drives in Serengeti National Park. The camp is located in a stunning location that runs alongside the Nyabogati River which allows our guests to be fully immersed in nature with a variety of Serengeti birds and wildlife all around. The area is splashed with acacia trees and provides the perfect opportunity to see the sunset behind the distant hills. Embalakai Camp has 13 spacious tents which can be set up for single, double, triple or family occupancy. We can host groups of up to 30 persons and have netted bedding available for babies (on request). Our rooms are set up to provide the ultimate comfort for our clients. Dinner and overnight at Embalakai Tented Camp.

Day 05: Serengeti-Tarangire

After breakfast drive to Tarangire with game drive on the way. Then go to Tarangire for overnight. From the elegant wooden central platform where the Lake Burunge Tented Lodge restaurant stands it's possible to watch the lakeshore waiting for animals that come to drink water. Because the camp is strategically located in the natural corridor between Manyara and Tarangire so the spectacle of the migration it's guaranteed. The camp is located 10 minutes from the entrance of the park known as Sangaiwe. This camp is the perfect place to relax in comfort after a day of game drives in Tarangire simply away by breeze and the colours of the African sunset from private terrace. Dinner and overnight at Lake Burunge Tented Lodge.

Day 06: Tarangire - Moshi

Morning and Afternoon game drives. Drive back to Moshi/ Arusha. Tarangire National Park derives its name from the Tarangire River that rises in the highlands of central Tanzania and winds its way through the game sanctuary. The river irresistibly lures the herds of plains migrants from the parched surrounding area to its shrunken - but permanent - brackish waters during the dry season. The animals come by thousands from as far north as the shores of Lake Natron, dramatically swelling the resident population with wildebeest, zebra, and eland, elephant, hartebeest, buffalo and fringe-eared Oryx. As the rainless days continue the Tarangire's pools are clogged with thirsty migrants, and elephants begin to dig for underground streams in the dry riverbed.

Inclusion

- All Park fees.
- Game drive.
- Concession fee.
- Tourism department levy.
