Travel Tips

Pay attention to the meeting details provided upon arrival in Galapagos.

Wear comfortable clothing suitable for hot weather. Remember that Galapagos has a humid climate and its ambient temperature is above 22 degrees Celsius.

Take your identity card or passport with you, especially on your transfers in and out of the Galapagos Islands.

Remember that traveling by cruise ship can cause seasickness, we recommend that you take sea sickness pills with you.

These can only be taken once a day.

Be aware of the environmental impact and follow the national park's rules on conservation and respect for nature.

Weather Preparedness

It is advisable to bring a windbreaker jacket for when you want to enjoy the best view of the Galapagos Islands in our open air area.

Fitness Requirements

Within our excursions or water activities the effort is minimal compared to the great experience you will have in the Galapagos Islands.
