**Day 02**

**June 7 - Day 2: Yerevan - Maran - Zvartnots - Ejmiatsin - Alluria - Yerevan**

Morning breakfast at the hotel. Later visit to Maran Winery. The origins of Maran date back to 1828-30, when Sargis, son of Eynat, the Prince of Khoy, and his wife Maran repatriated from Persia to the Armenian province of Vayots Dzor. In 1860 Harutyun, Sargis's son, expanded the vineyard his parents had planted and called it Marani as a tribute to his mother. A few years later he built a semi-industrial wine press by the vineyard. "Maran Winery" was founded in 1992. In the same year the first batch of wine was made from Areni grape variety and was named Noravank. By the merit of its distinctive design and high quality the wine immediately stood out in the market of newly independent Armenia. In 1996 we embarked upon a new project with our colleagues from France and started exporting wines to France and internationally. Over years the combination of Armenian tradition and modern technologies gave birth to our wines, each one better and more successful than the previous.
