Day 02: Victoria Falls

08:30 - Scheduled - Tour of the Falls

It's no surprise that Victoria Falls holds its place as one of the Seven Natural Wonders of the World. This truth becomes immediately evident as guests explore the Zimbabwean side, where numerous spectacular vantage points span the width of the Falls, offering awe-inspiring views that truly take the breath away.

The tour meanders through a lush, permanently misty rainforest that hugs the edge of the Falls. Along the way, guests pause to marvel at iconic landmarks such as the Main Falls, Horseshoe Falls, Rainbow Falls, the Boiling Pot, Cataract Island, and Livingstone Island. With every step, the experience deepens—standing still to feel the mist, hear the thunderous roar, and witness millions of litres of water crashing into the deep, narrow gorges below.

Victoria Falls delivers a dramatic natural performance unlike any other, and those who visit are left with a profound sense of wonder and privilege at having witnessed one of Earth's greatest spectacles.
