Participation in THE Boat Tour:

Duration: 11:00 – 16:50

Description: It's the only chance to get and swim to secluded beaches and bays with crystal clear turquoise waters. There are so many of those places on Folegandros but it's very hard or impossible to visit by any other way. So, this tour offers you a relaxing way of exploration meeting the island's beauties from the seaside. The boat tour starts from the port and the route that is followed depends on the weather. Our main goal is to offer you a pleasant trip and a memorable experience. For that reason, we'll choose the beaches and the bays that will be calm on the day of the tour. Our tour guide who will be on board with you throughout the excursion will explain to you everything after the departure.

The stops for swimming are 4-5 each time and they are marked on the picture with the map. The duration at every stop is thirty minutes to an hour. During this time enjoy swimming in the crystal-clear waters of Folegandros. Dive from the boat for more fun or just use the ladders that lead you directly into the sea if you find it easier. At one or two stops we have the possibility to approach the beach and let you walk ashore and stay on the beach enjoying the sea and the sun.

In the middle of the tour the crew prepares your meal for serving. The meal consists of delicious traditional homemade titbits. It's a light lunch so you will be able to swim again at the next stops. After the meal a fresh mouth-watering fruit is served and then we continue the exploration.

Before the return to the port and while we are stopped at Georgitsis's cave we offer you local sweets with a glass of raki completing our excursion in a sweet way!
