Day 04: Yala

After breakfast day is at leisure for independent activities. Relaxing Day (No Transportation / No Guide) Overnight stay in Yala.

Day 05: Yala – Galle 4 hrs drive

After breakfast drive to Galle . Galle - Sri Lanka's most historically interesting town is Galle. It was a major port until about 100 years, but today still handles shipping and sailing boats in the natural harbor. Stroll around the lighthouse and harbor or visit the old town where you can see the traditional lace makers and wood carver sand purchase some the finest souvenirs. (Optional) The Dutch Fort - Galle - The South Coast's major city is Galle, whose oldest landmark is the massive Portuguese and Dutch Fort

which is a “World Heritage Site” in which the central city is contained. But the city may be much older. Some scholars believe it to be the “Tarshish” of the Old Testament, to which King Solomon sent his merchant vessels, and to which Jonah fled from the Lord. Today, the 90-acre Galle Fort shows no evidence of the Portuguese founders. The Dutch incorporated the Portuguese northern wall in a great rampart in 1663. A second, taller wall was built inside of it. Between the two walls, a covered passage connected the central bastion with the Fort’s two half bastion’s overlooking the sea. The Dutch also installed a sophisticated drainage system, complete with brick-lined underground sewers that were flushed twice a day by the high and low tides. The original gate to the fort was by the harbour. It is still there, marked by the British Coat-of-arms on the front and the Dutch V.O.C. (Vereenigde Oost Indische Compagnie) with the Coat-of-arms with a rooster crest, is on the inner side of the Fort with an overnight stay at Galle.

Day 06: Galle – Bentota 1hr Drive

After breakfast drive to Bentota. (Optional) Mirissa Whale watching. Alternatively you can relax in Bentota. Overnight stay at Bentota.

Day 07: Bentota

After breakfast . You have optional tours of Marine Turtle Conservation in Kosgoda... Globally, all seven species of marine turtles are endangered. Of these seven, five come ashore to nest in Sri Lanka. The process of marine turtles nesting, hatchlings being born, and swimming back to sea is fascinating to observe. The Kosgoda Conservation Project is an ideal way to learn and observe this endangered species. (Optional) MADU RIVER BOAT RIDE in the 915 hectare Maadu Ganga Estuary is connected by two narrow channels to the Randombe Lake, forming a complex wetland system encompassing 64 mangrove islets. In the year 2000, International Union for the Conservation of Nature (IUCN) undertook a detailed biodiversity survey of the region & revealed the existence of no less than 10 major wetland vegetation types supporting over 300 plant species & 248 species of vertebrates. This remarkable diversity has led to its being classified under RAMSAR Convention on Wetlands in 2003. Overnight stay at Bentota.

Day 08: Bentota Airport

After breakfast you depart back home. Though it will be difficult to say goodbye, all good things come to an end. Your representative will meet you on time at the hotel lobby to return you by way of a scenic drive to the international airport for your departing flight and a safe journey home.
