## Detailed Itinerary

**Day 01: Arrive Santiago**

Private transfer from the airport in Santiago to the hotel in Santiago.

Private half day city tour of Santiago

In Santiago de Chile, the best features of a vibrant, modern metropolis are paired with the old-world charm of a former colonial capital, and this private tour will introduce you to both sides of the city. You will begin with a visit to the presidential palace, named La Moneda because the splendid building once housed the national mint. Many other sights in the historic centre are clustered around the always-bustling Plaza de Armas: the impressive cathedral; the beautiful old post office; the Palacio de la Real Audiencia, now home to the National History Museum; and the Casa Colorada, once the Spanish governor's residence.

Leaving the centre, you'll travel west toward the soaring Andes, past the Cerro San Cristóbal, an outpost of the mountains which towers over the city with a great white statue of the Virgin Mary crowning its summit. Your tour will conclude with a visit to the fashionable business districts of Providencia and Las Condes, with their broad boulevards lined with modern high-rises, and shady side-streets flanked by fine restaurants and trendy boutiques. This half-day excursion forms the perfect initiation to the charms of one of South America's most exciting cities.

Private half day excursion to the Atacama Salt Flat (Salar de Atacama) and Toconao Village

You depart with your tour guide to the Salar de Atacama: A salt lake of huge proportions (3000 sq km/1,158 sq mi!), its surface is covered by a thick layer of light-coloured salt crystals, caused by the evaporation of the lake's water. The world's largest lithium deposits are found here, but the salt pan is also home to several flamingo species, including the Andean, Chilean and James flamingo, who feed on the microorganisms found in the saline lagoons. These beautiful birds and other species can be observed in their natural habitat at the Salar de Atacama's Chaxa Lagoon, which is part of the Reserva Nacional de los Flamencos.

On the way to the salt flat, you will stop at the village of Tocoano to see its green square with large cacti. Afterwards, return drive to San Pedro.

Private half day excursion to Moon Valley (Valle de la Luna)

One of the best-known destinations between Calama and San Pedro is the Valle de la Luna. This tour into the rugged beauty of the Atacama Desert begins at dusk. With the Licancabur volcano providing the backdrop, strange salt and rock formations in the middle of the valley's barren sandy landscape really do look like a moonscape. After a tour past the bizarre natural rock and salt shapes, you will pass by the bizarre rock formation "Tres Mariás" and end the excursion at "Coyote's rock" ("Piedra del Coyote"). From the top of this rock, you overlook the Kari-Canyon and wide parts of the desert, you can even catch a glimpse at the Salar de Atacama. The setting sun bathes the landscape in a light that changes with every minute, providing a mesmerising play of colours. The return drive to San Pedro is after sunset.
