Admired then for its refined culture, massive architecture and ingenious complex of dams and water channels, Petra is a UNESCO World Heritages Site and one of the new Seven Wonders of the World. We will visit the rose-red city known as Sela in the Bible and lost to the world for five centuries until it was rediscovered in 1812. Day 05

Day 05: Wednesday - Amman - Desert Castles - City Tour - Amman

Breakfast at the hotel. Departure for the desert castles. Jordan's desert castles, fine examples of early Islamic art and architecture, bear witness to a fascinating period in the country's rich history. Their beautiful mosaics, frescoes, sculptures and illustrations in stone and stucco, inspired by the best of Persian and Greco-Roman traditions, tell countless stories of life as it was in the 8th century. Called castles because of their imposing stature, the desert complexes in fact served a variety of purposes as caravan stations, agricultural and commercial centres, resort lodges and outposts that helped distant rulers forge ties with the local Bedouin. Many of these compounds have been preserved. We visit the castles of Amra, Kharranah and Azraq. Lunch in Amman. We then head to Amman for a city tour. Amman, the capital of Jordan, is a fascinating city of contrasts - a unique blend of old and new, situated on a hilly area between the desert and the fertile Jordan Valley. In the commercial heart of the city, ultra-modern buildings, hotels, chic restaurants, art galleries and boutiques sit comfortably alongside traditional cafés and tiny artisan workshops. Amman's neighbourhoods are diverse and vary in cultural and historical context, from the bustle of the downtown markets to the art galleries of Jabal Lweibdeh and the modern shopping district of Abdali. Dinner and overnight at hotel in Amman.

Day 06

Day 06: Thursday - Amman - Salt - Madaba - Mount Nebo - Dead Sea

Breakfast at the hotel. This morning, we begin our journey with a visit to Salt. Salt is an ancient city that was the administrative centre of the region under the Ottomans. The heart of the town consists of yellow stone buildings typical of the Ottoman period. Typically, they are built with domed roofs, interior courtyards and high, round-headed windows. Stroll through the town and its lively souk. Continuation to Madaba. Madaba is a combination of rural family life and an important point for religious tourism. Known as the "city of mosaics", Madaba is the cultural epicentre of Byzantine and Umayyad mosaics. A short distance from the capital, visitors are just a stone's throw from sacred monuments of religious iconography. Lunch in Madaba. Afternoon drive to Mount Nebo. Mount Nebo is important for its role in the Old Testament. The Bible

says that Mount Nebo was the place where Moses lived his last days and saw the Promised Land, which he would never enter. It is said that Moses' body could be buried here, although this has yet to be proven. There are two peaks on Mount Nebo, Siyagha and al-Mukhayyat. By the 4th century AD, Mount Nebo had already become a place of pilgrimage, and a church and shrine were built on Siyagha to honour Moses.

Departure for the Dead Sea. A spectacular natural wonder: the Dead Sea is perfect for religious tourism and family fun in the sun. With its mix of beach life and religious history, you can enjoy the sun while biblical scholars can get their daily dose of religious history. The Dead Sea's main attraction is the warm, soothing, super-salty water itself - around ten times saltier than seawater and rich in magnesium chloride salts, sodium, potassium, bromine and many others. The exceptionally warm, incredibly buoyant and mineral-rich waters have attracted visitors since ancient times, including King Herod the Great and the beautiful Egyptian queen, Cleopatra. Dinner at the hotel and overnight at the Dead Sea.

Meal: Breakfast, lunch and Dinner

Day 07**Day 07: Friday - Dead Sea**

Breakfast at the hotel. Today we'll be relaxing at our resort on the Dead Sea. The Dead Sea, in Arabic Al-Bahr Al-Mayyit ("Sea of Death"), in Hebrew Yam HaMela? ("Salt Sea"), is also known as the Salt Sea, a Salt Lake landlocked between Israel and Jordan. Its eastern shore belongs to Jordan, and the southern half of its western shore belongs to Israel. The northern half of the western shore lies in the Palestinian West Bank and has been under Israeli occupation since the 1967 Arab Israeli war. The Jordan River, from which the Dead Sea receives most of its water, flows from the north into the lake. Lunch and dinner in the resort and overnight on the Dead Sea.
