Overview

There is something mystical about Iceland and something very cool about the capital city, Reykjavik! When you think about Iceland the Blue Lagoon comes to mind, the mud pools, the spurting geysers and the glaciers, not to mention the dancing Northern lights. Iceland is fast becoming the playground of the adventurous...and why not? It has so much to offer! Iceland is the least densely populated country in Europe, allowing you to truly appreciate its vast open spaces, the fresh air, its people, culture and beauty.
